As such, the personality traits you bring to the board will help us to ensure we have a diversity of personality styles and traits that, when added to our current board members, will enhance the ability of the board members to work together as a team. **Please check all that apply.**

To help us understand the unique perspectives you could bring to our board, we invite you to voluntarily share information about your background and experience in the following areas listed below. Your responses are appreciated but not required.

Note: These questions are intended to create a more inclusive and effective board, rather than simply fulfilling diversity requirements.

Racial or Ethnic Identity: Please describe how your cultural background and experiences can enhance our board's ability to advocate for and serve diverse communities.

Religion: If your religious background or spiritual beliefs are significant to you, how do you see these values informing your approach to our board's work?

Sexual Orientation: If comfortable, please share how your sexual orientation has shaped your experiences and how you can use these insights to support advocacy and inclusion in our organization and planning.
